

How to Get Started

Life-Skills Psychiatric Rehabilitation Program (PRP)

About Us:

Our centers are conveniently located for easy access. The Rockville center is located off Crabbs Branch Way, within walking distance of public transportation and a quick bus ride from the Shady Grove Metro Station. The Baltimore center is located just off I-95, near the Haines Street Bus Terminal.

We Provide:

- ★ Free Parking
- ★ Easy access to public transportation
- ★ ADA compliant
- ★ Masks required in group settings

Description of Services

We offer a variety of services including onsite, outreach, telehealth and virtual.

Onsite Services

provide the opportunity to participate in skills based groups, interact with peers, and meet individually with their rehabilitation coordinator.

Community Outings

promote socialization and Independence.

Telehealth

check in calls are conducted weekly by rehabilitation coordinators to provide support, discuss coping skills, and advance individual goals.

Outreach

staff meet with clients at their home and/or in community settings to provide services.

Virtual

participation in groups allows clients to engage with others in a virtual environment.

Mission Statement

Centers for Behavioral Health, LLC serves adults with behavioral health needs in the community. We strive to empower, instill hope, and increase independence. We promote recovery and wellness through high quality services, advocacy and education.

Programming & Services

PRP services are provided to adults (18+) with a primary behavioral health diagnosis and a desire to participate in services voluntarily. Interested individuals need to have a completed PRP referral form from a licensed mental health practitioner and be inactive treatment.

Eligibility Criteria

PRP services are provided to adults (18+) with a primary behavioral health diagnosis and a desire to participate in services voluntarily. Interested individuals need to have a completed PRP referral form from a licensed mental health practitioner and be inactive treatment.

Payment/Funding

PRP services are funded primarily by Medicaid. Other payment options may be available to those who are uninsured. Please call for more information about our fees.
